

# AVAILABLE GP

# APPOINTMENTS

- Patients are always able to book an “emergency on the day” appointment with a GP.
- All GPs have 4 pre-bookable appointments in the morning and a further 4 pre-bookable appointments in the afternoon, which can be booked up to 4 weeks in advance. This is 25% of a GP’s appointments.
- If you cannot see your GP on the date and time that you would like we are usually able to offer you a suitable appointment with another GP.
- In addition to this we hold “Minor Illness” clinics daily. These are run by our highly skilled Minor Illness Nurses who are able to prescribe. These can be booked on the day. However, these clinics have 3 pre-bookable appointments in the afternoon up to one week in advance.
- For those patients who have difficulty getting to the surgery during normal opening hours, e.g. those working out of town, we offer pre-bookable evening appointments on a Tuesday, Wednesday and Thursday between 6.30pm and 8.00pm. We also are open on alternate Saturday mornings between 8am and 11am.
- You can book your appointment on line. Please see reception for your unique identification number to enable you to make your appointments on line.
